

[Q]: Где взять Team OS/2 FAQ

[A]: (ccs95@aber.ac.uk)

The Team OS/2 FAQ version 2.4 has been released. It is available on the Web from:

```
http://www.aber.ac.uk/~ccs95/teamfaq.html
http://www.teamos2.org/faq
```

A text version (TMFAQ24.ZIP) will be available from:

```
ftp.leo.org      /pub/comp/os2/info
hobbes.nmsu.edu /os2/newsltr
ftp.teamos2.org  /pub/info/faq
```

but I recommend the HTML version, which has live links to useful files etc.

I'll resume posting the text version to news.answers etc. in the near future. (This time, I really will, since I seem to have ironed out the glitches in the FAQ posting software.)
